A WORD ABOUT OUR BOOK

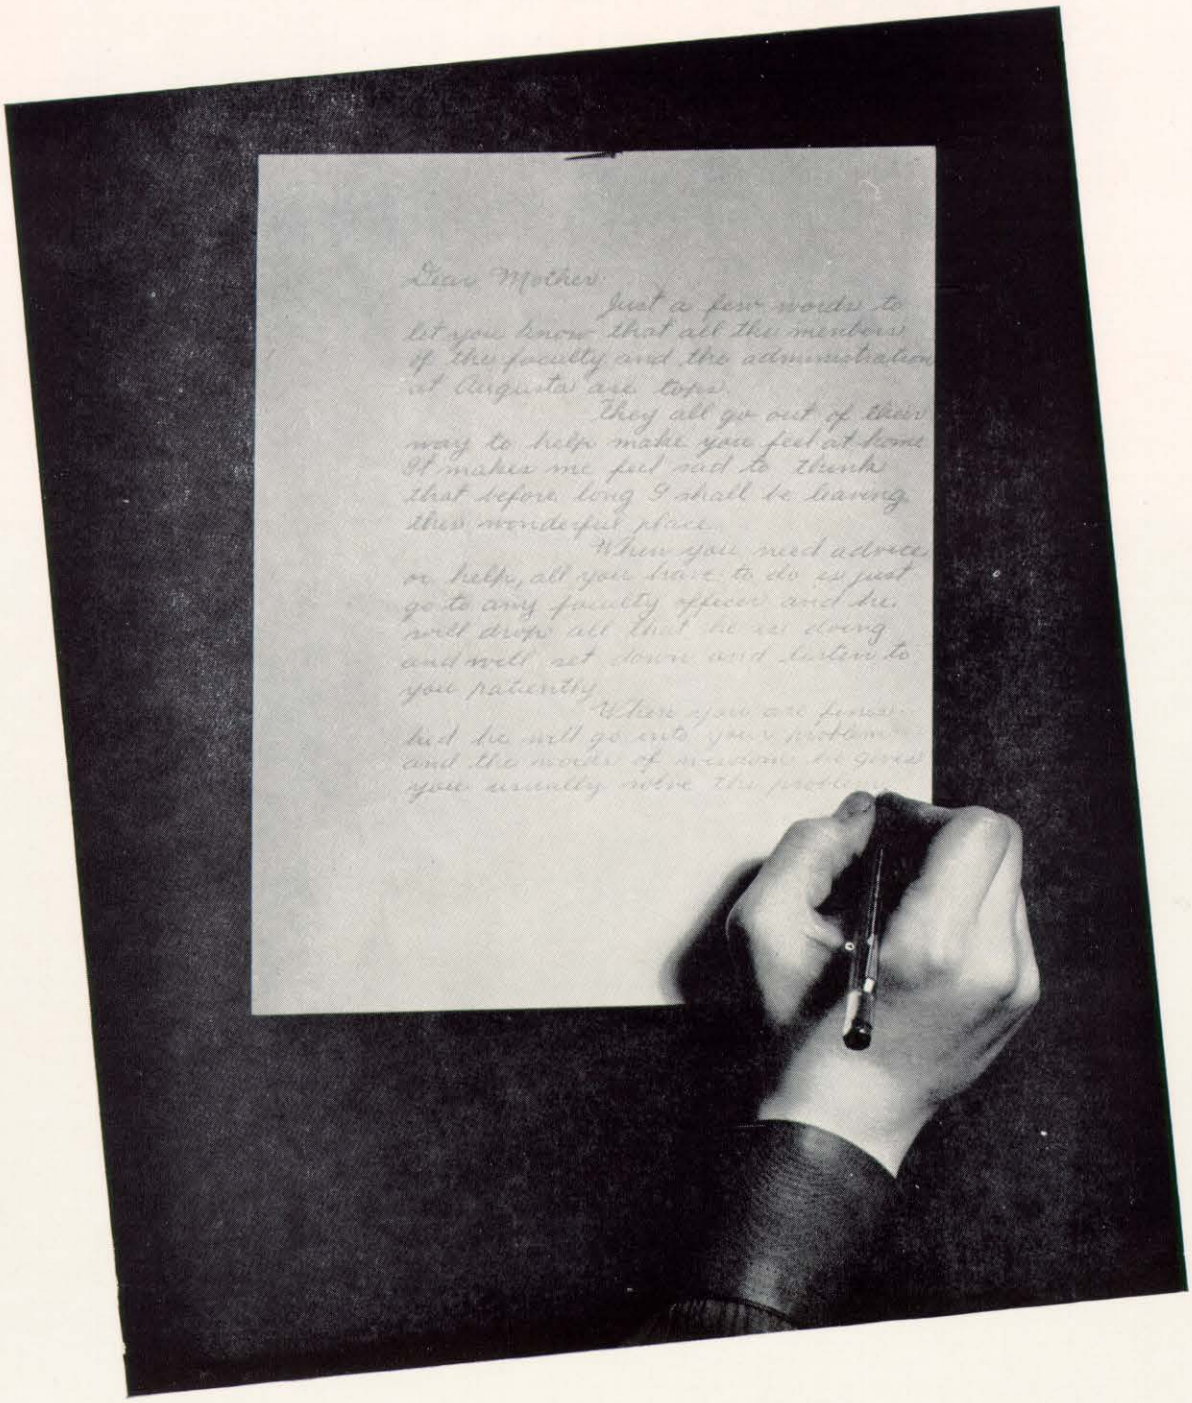

Our days within these gates have been full of meaning. The Augusta Men of the Past have been our inspiration. Our comrades of today have been our joy. Together, we have played and worked; side by side we have marched, each day, each year toward fulfillment.

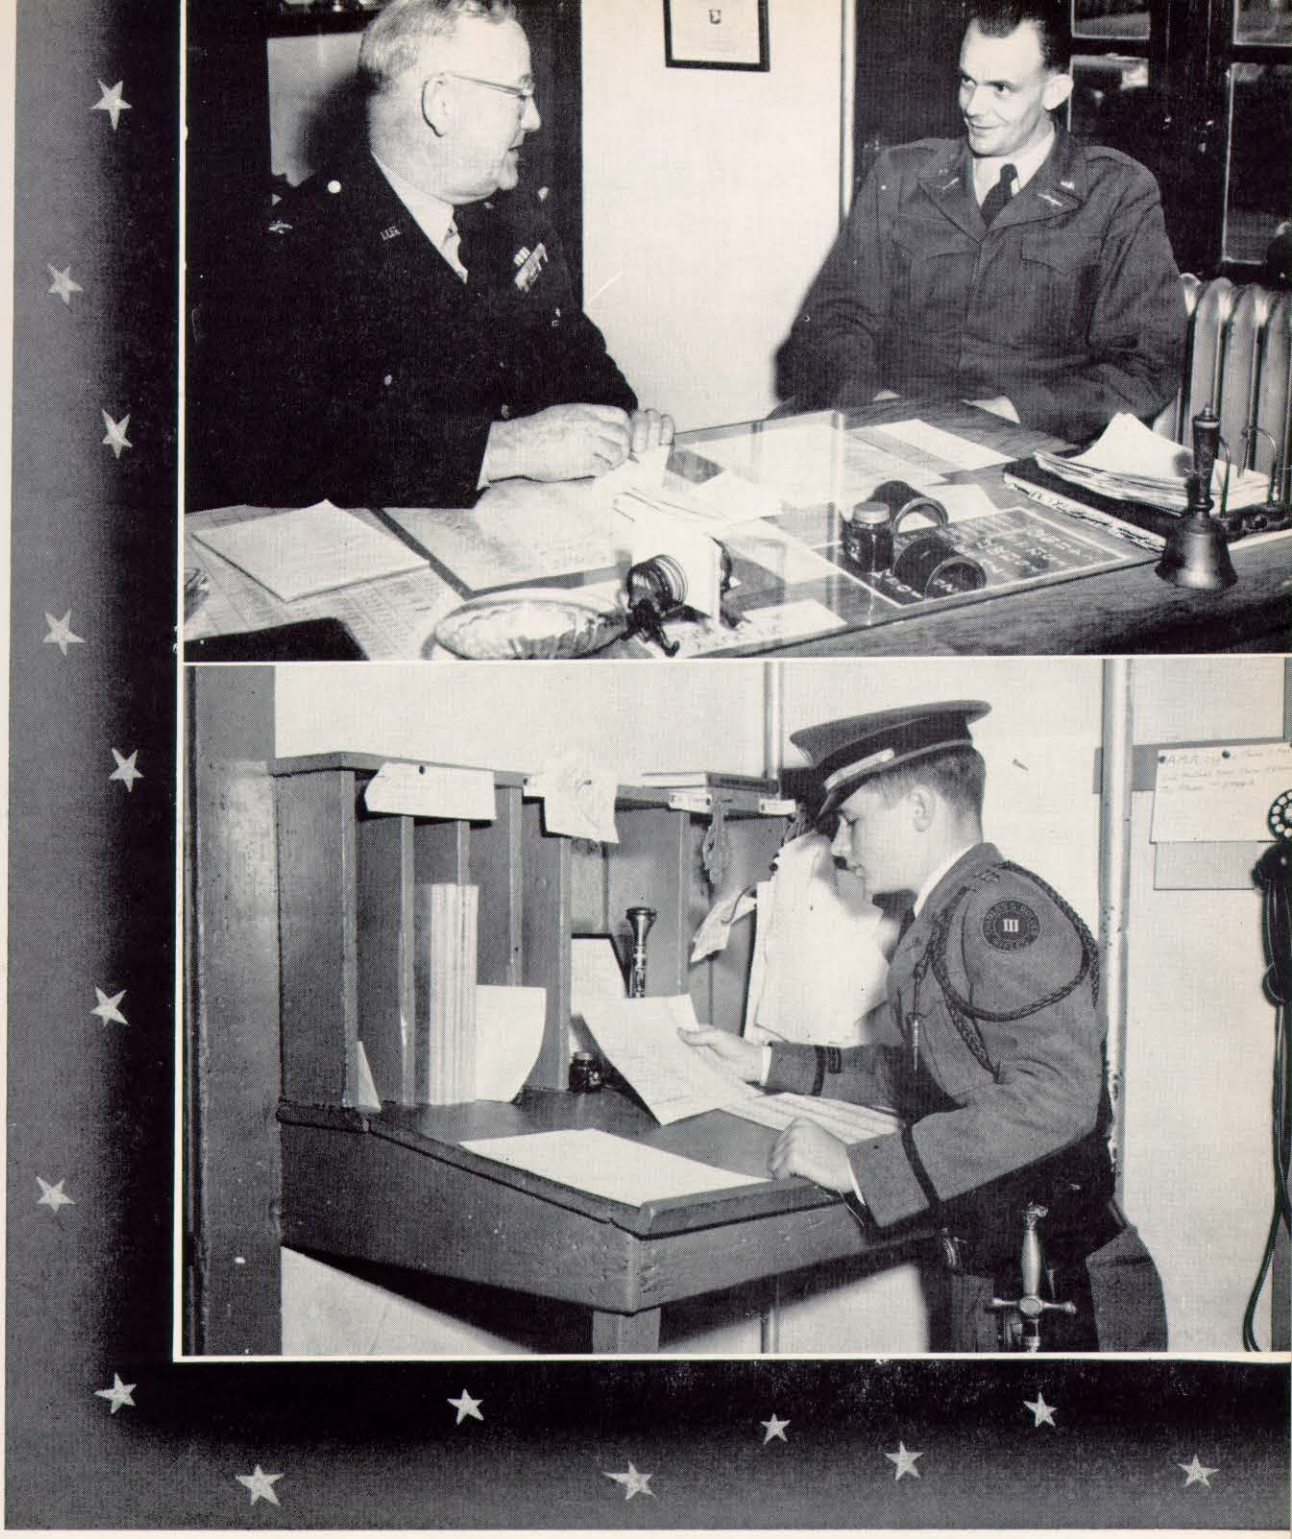

In this book we have attempted to record those memorable days

that—

When time who steals our years away
Shall steal our pleasures too,
The memory of the past will stay
and half our joys renew.

Dear Mother:
Just a few words to
let you know that all the members
of the faculty and the administration
at Augusta are tops.
They all go out of their
way to help make you feel at home.
It makes me feel sad to think
that before long I shall be leaving
this wonderful place.
When you need advice
or help, all you have to do is just
go to any faculty office and he
will drop all that he is doing
and will sit down and listen to
your patiently.

Administration

OUR PRINCIPALS

COL. CHARLES S. ROLLER, JR.
Principal

MRS. JANET S. ROLLER
Co-Principal

Augusta is indeed fortunate to have two competent principals such as Col. Charles S. Roller Jr. and Mrs. Janet S. Roller.

They have guided this school with a firm and understanding hand. An understanding of cadets and their problems, along with an understanding of the problems of school administration.

Their leadership keeps Augusta foremost among the preparatory schools of this country. Their combinations of old fashion discipline and modern academic methods is the main reason for Augusta's good standing.

They were never too busy to lend an ear and a helping hand. We are indebted to them for a pleasant and profitable stay at Augusta.

A MESSAGE

White Hall
Fort Defiance, Virginia

Dear Members of the Graduating Class:

A deep feeling of sadness comes over us when we realize that the time has arrived for your departure from our little community.

As you go out into the world to take up your life which you left a few years ago, remember that our prayers and love will follow you as long as we live.

We feel that we have been honored by the class of 1954 for to us, it will be remembered as the best class of all. You shouldered your problems and solved them in a manner that will be an example for future classes to follow.

There will be always a warm welcome awaiting you when you return to your Alma Mater. Remember us always and return as often as time will permit.

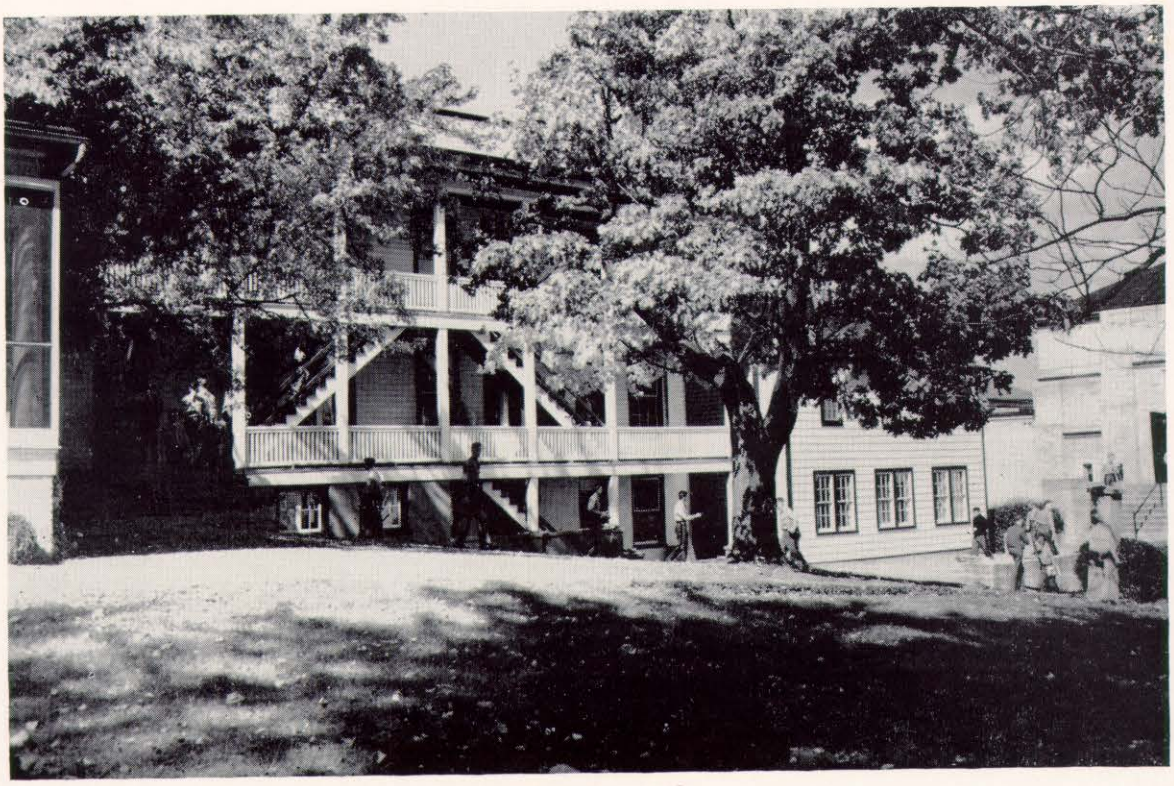

Affectionately,

Col. Charles S. Roller, Jr.
Mrs. Janet S. Roller
Principals.

Wise Advice Did They Give Us Always

Academic Board

Top—Col. Deane, Col. McCue, Major Hoover, Capt. Kramer
Lower—Col. Gardner, Major McCrum, Major Sizer, Capt. Savedge

Undoubtedly the most important faculty unit at Augusta is the Academic Board which guides the destinies of both the school and the future of all cadets. This important unit consists of eight members of the faculty.

These gentlemen give freely of their time to both set the standards by which the school has kept abreast of modern times as well as to wisely counsel the cadets in all their needs whether they be of academic nature or a personal one. Their timely advice has many a time set a cadet on the right path to happiness and success.

The Chairman of the board is Lt. Col. Herbert D. Deane who is also head master of academics in the academy. Lt. Col. J. C. McCue, Jr. is vice-chairman of this academic unit as well as assistant to the principal. Major Paul V. Hoover is the secretary and the other members of the board are: Major H. B. McCrum, Lt. Col. W. L. Gardner, Major F. M. Sizer, Captain J. D. Kramer, Captain C. E. Savedge.

To them we say "thanks" for the wise counsel you have given us throughout our stay at Augusta.

IN MEMORIAM

First Lieutenant John Rahily Rhodes, Class of 1945, was a Korean War casualty, June 25, 1953, while serving with the 187th Airborn Regiment.

Lt. Rhodes, who so aptly demonstrated his strong leadership capabilities while attending Augusta, was killed while planning a night patrol behind enemy lines.

It would be well for all of us to stop and reflect upon the sincere Christian goodness and the strong physical and moral courage of men such as Lt. Rhodes who so richly deserve the eternal thanks of the Republic they died to save.

Dear Mother,
It seems strange that
the time has come for me to make
final plans for my graduation.
Those eight long years
seem so short when you look back
on all the good times I had with
my host of friends.
The first year was so
hard for me to get settled and many
times and old cadet would drop
in and cheer me up.
I tried to do that when
I became an old cadet and I felt
better when I made a new cadet
feel that he was one of us.
That diploma for which
I have been working so hard and so
long

Classes

Seniors

Undergraduates

RICARDO ALVAREZ SAN PEDRO

"Ricardo"

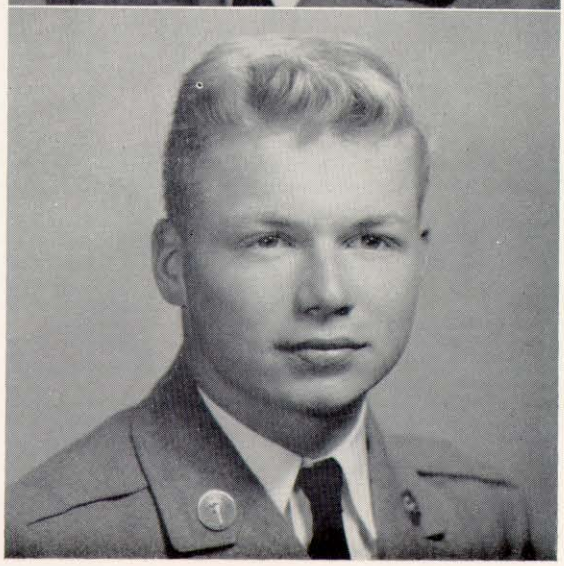

When you hear one cadet attempting to communicate with another on the other side of the barracks, look and you probably find Ricardo. Well built in body and mind, both of which he uses to good advantage in athletics and studies. Outstanding as a fine example of the high type of Spanish-American boys Augusta has in her cadet corps.

ANTHONY K. AUSTIN

"Turk"

Augusta's only representative of the Sons of Allah for he is the first Moslem ever to enroll at this school. His athletic ability was exhibited to good results in varsity football and baseball. Academically he holds his own with the best. His philosophy of life is only apparent when one takes time to sit down for a chat which usually lasts quite a while for this boy has an outlook on life that would amaze even our teachers as well as the average cadet.

JOHN T. BELL

"John"

Undoubtedly one of our most inspired cadets in all walks of life at Augusta, As an athlete he has few equals for his work at guard on the Varsity Football team, the array of first places in the swimming meets and his all-around work in baseball and tennis makes one envious. Add to this his achievement in academics and you have a rare example of brawn and brains. His officership on the parade ground, in ranks, Roller Rifles, in the Y.M.C.A. add that final touch to round out one of the best equipped cadets ever scheduled for graduation.

MICHAEL L. BOTTINO

"Mike"

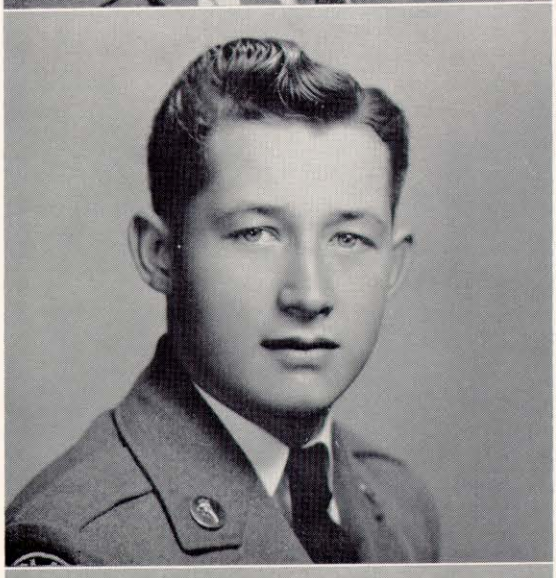

"Cherchez l'homme" is his motto for he deals out vengeance to those who would smirk the fair name of Augusta as he fulfills to the letter his duties as a member of the Honor Committee. Athletically he developed the fencing foil team to a high degree of perfection; in lacrosse he was among the best. Academically he usually tops the monthly honor roll and M.I.T. is his goal for his future career. Never too busy to lend a helping hand to whomever trouble may come and a speedy and wise decision will he give. His heart is in whatever he puts his soul and energy and excellent the outcome of the endeavor.

RICHARD A. BRAMWELL

"Doc"

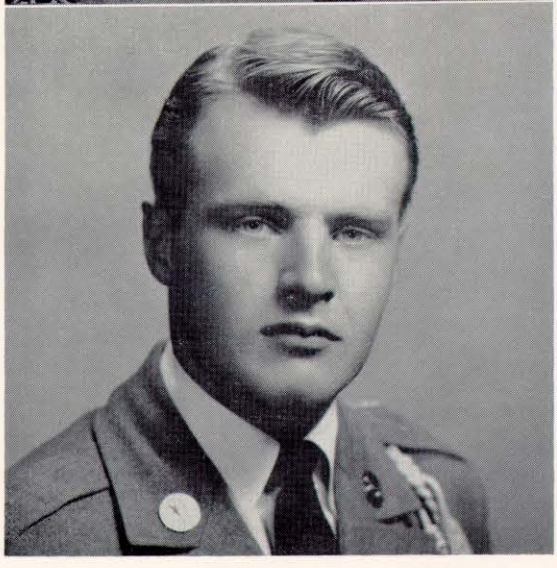

A rare combination of brawn and brains where the brawn is put ahead of his more-than-usual degree of intellect. Athletics are his first love and often to the detriment of his studies which makes him bear down in order to get through but which he eventually does. An athlete whether it be on the gridiron, the basketball court or the diamond for everywhere he makes his presence felt. A more popular cadet would be hard to find for his smile is contagious.

WM. L. BURNETT

"Bud"

Last year a boarding student, this year a Day Boy. Life in Staunton stifles his association with the normal Augusta life but he does rather well in his studies and makes his presence felt in athletics—especially football and baseball. His art work in the 1953 as well as the 1954 RECALL have been more than worthy of mention for they kept the advertising section alive and different from the run-of-the-mill in the majority of annuals.

MANLEY P. CALDWELL

"Manley"

Just drop down to the swimming pool any afternoon during the winter and you'll find Manley working out in his favorite sport. Academically qualified to enter any college. On the Roller Rifle drill team, an officer in "D" Co. working on the "Future" of Augusta with distinguished success. He spends his spare time listening to the famous recordings on his LP phonograph.

BERNARD YOUNG COCKRELL

"Barney"

Barney left us a year ago but just couldn't bear not graduating with his class and so he came back to uphold the family tradition. As the man in charge of the mail and projection machines, he did a fine job.

He won his saber bout against Navy and his work against N.C. State and V.M.I. helped us to our victories.

One of the better officers of the day who know how to perform their duty as it should be performed.

PARKE HUNTER COX, JR.

"Hunt"

He came to Augusta with his distinguished bearing and he has fulfilled every hope of those interested in him and his future-voted one of our stars in football, basketball and baseball-when the better guard details are announced in the Mess Hall his name will be among the first mentioned. Honor Roll achievement with distinction as he participates in all sports and still keeps up his studies. His figure with his military precision adds much to the Roller Rifles on parade.

EDWARD T. DULIN

"Ed"

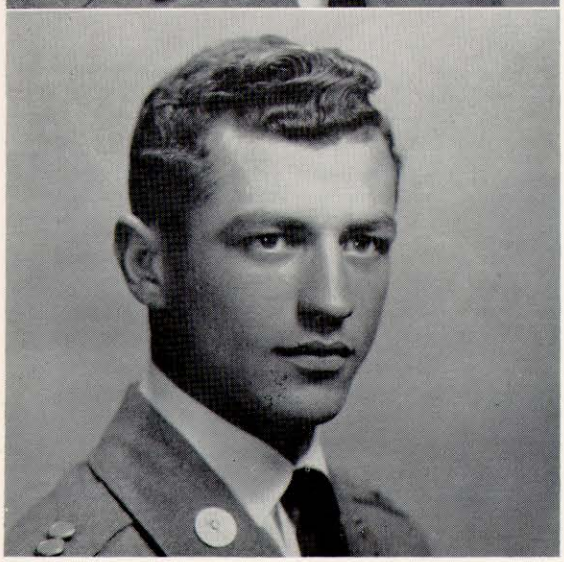

Ever see a Tiger football game and notice the right end tackling the opposition for a loss? That cadet is Eddie,for he possesses an uncanny knack for being able to outthink his opponent. As Manager of the swimming team, his witty remarks broke many a tension in those all- important meets. He devotes his spare time to studying for his ambition is to win a scholarship to some college.

JOSEPH ELLIOTT EAGLES, JR.

"Joe"

Sciences have interested Joe ever since he can remember for all else comes second to him in his work towards a diploma. Athletics take a side line as many a coach will say for it is his sole desire to be graduated and go on to UNC to fulfill his life's desires, a career in science.

JOHN C. L. FITTS, JR.

"Johnny"

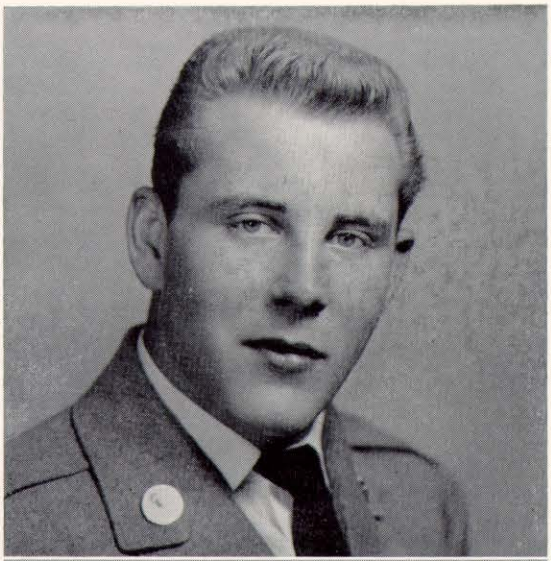

One of those rare individuals who know that the best in education is taking advantage of all that is offered him—so he returned to A.M.A. to finish what he did not do two years ago.

For his size he has few equals in Varsity Football and he was one of the mainstays in wrestling where he went to the top.

Brilliant of mind as his marks bear out. His career in the U.S. Navy which awaits him upon graduation will fulfill his life's ambition.

As an officer he was among the best. Roller Rifles and Rifle Team add to his many honors.

DAVID FLETCHER

"Dave"

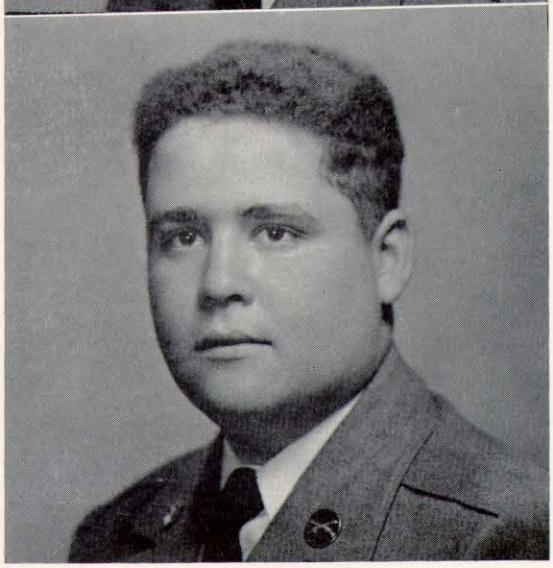

"Exactness" is Dave's motto whether it be in combing his hair, playing in some form of athletics or in his work towards graduation. A rare athlete who would rather graduate than play in a ball game. His work on the basketball court and on the diamond equals his academic achievement for he excells in all that he tries.

TOMME GAMEWELL

"Tommy"

Another boy who made good in his rise to one of the highest military offices—from private in "D" Co. to Cadet Captain and Adjutant. An athlete in any sport he cares to enter—one of the better sabermen in fencing and one to watch in lacrosse. Academically sound with a good background that predicates achievement in the engineering world of tomorrow. Cotillion Club president who gave us some of our finest dances the ones we'll always remember — one who has his friendship has the best for he is loyal to the end.

GILBERT GOLDSTEIN

"Gilbert"

Second one of his family to carry this famous name for he equals his predecessor in all of his attainments—his work as a Master Sergeant in "D" Co. and an all around cadet gave eminence to his family name. Academically he ranks with the best. Whatever the test he sets his mind on, you can rest assured that it will be done better than any one else. He is quiet but thoroughly sure in every detail.

LEWIS R. GONTRUM

"Lew"

Slow to begin but a finish with a brilliance that dazzles you. An average student who gets what he sets out for as he does in his athletics where he did a good job in football, swimming and lacrosse. A loyal friend to his vast host of acquaintances for he is one of the most popular cadets in the corps which is due entirely to his sincere trust in all that he endeavors and with success.

RALPH WESLEY GONTRUM JR.

"Ralph"

Gifted athletically and academically but slowed by his personal desire to do what he cares to when he cares to. A symphony in motion in swimming for he exhibits perfection in all of his movements. Capable of making the Honor List when he desires. Band brilliance with that military bearing which he inherits from his father and to which he adds further honor.

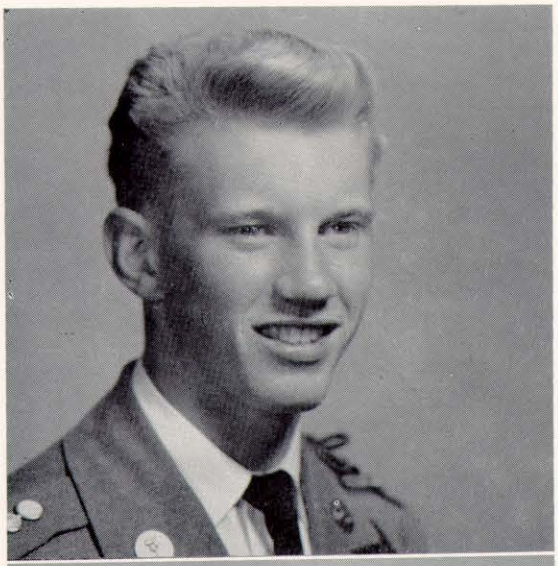

RICHARD THOMAS GRIGGS

"Tommy"

Possessing all that it takes to make an all-around cadet, Tommy has advanced far beyond those who have more than he has. His work in the armory helped Augusta win G. I. Rating Honor School this year. His academic work is with the best and his determination to win out over his handicap has won for him the approval of faculty and cadets alike.

Athleticially endowed but never used, he would have made any Augusta the better with his ability and presence.

One of the most dependable N.C.O.

KENNETH A. HOKE

"Ken"

When Ken graduates he will fulfill the hopes of his many friends for his career at Augusta began eight long years ago. Probably the best athlete in this year's corps. Key man on the football team whose presence was missed when he was injured in the Glass High contest. His work as Captain of "B" Co. and as member of Honor Committee was excellent. Football injury didn't keep him from wrestling. Good Baseball and Lacrosse prospect. Academically inclined for he realizes that athletics without studies are no good.

JOHN RICH IRELAND, III

"John"

As Captain of "D" Co. he has brought this company to compete with others on equal basis and with distinction. Vitally interested in entering West Point or Annapolis he puts his spare time, when not fencing, to getting his academics in order to fulfill his ambition. An athlete when time permits as his performance in fencing exhibits—Roller Rifle stalwart.

JACK D. JONES

"Jack"

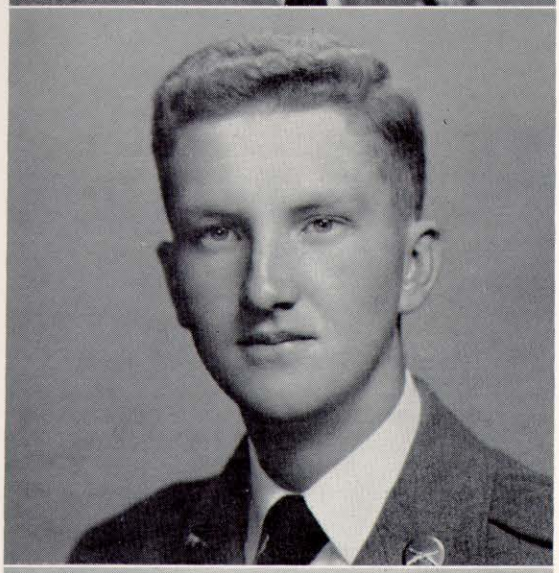

Need something done and done well? Then call Jack for he was an answer to a prayer with the outside work on the RECALL and *Bayonet* both as business manager and as associate editor. An average student who works hard to get the best out of any subject. One cadet who is interested in keeping Augusta abreast other schools in all fields of endeavor. Roller Rifles and hard working sergeant in "A" Co.

JAMES P. KEITGES

"Jim"

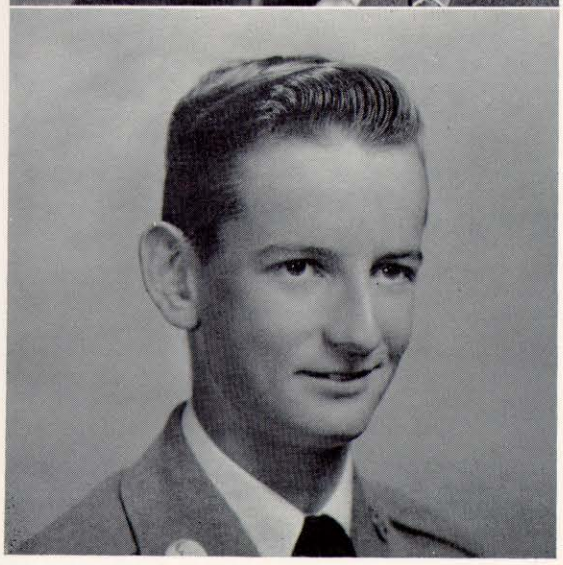

The most carefree cadet in the corps for nothing ever seems to bother him. When he sets his mind on something no one can change his mind. Potentially an excellent athlete as his prowess in football, wrestling and baseball indicates. Quite the ladies man for he gets as many phone calls per evening as does any other three cadets.

PHIL KIRTZ

"Phil"

One of the most important cadets in the corps for it is he who rations us our daily portions of milk and butter. As happy as a fellow can be for nothing ever seems to worry him. His love affairs are quite numerous as he is well known in Staunton, his home town. His witty remarks have made many a boresome class quite a lively one.

THOMAS P. LASSELL

"Tom"

If there should be a race between Tommy and a rabbit, Tommy would win for he is faster than any other cadet in the corps. His performance on the wrestling mat has evoked many a worthy remark for that is his first love in all sports. Hunting comes second in his loves and many a squirrel or partridge has fallen with his sure but steady aim. A good student who knows more than he credits himself with.

ROBERT W. MEALS

"Bob"

The most talented musician in the corps and one who has improved his gift from heaven with arduous practice. A good epeeman in fencing where he uses his unusually good brain to the best of advantage. His ambition is to enter the Naval Academy, and frequent are the nights one may see a candle burning in 118 where he probably burns the candle at both ends. Intelligence, ability, common sense and a desire to do makes him one of the outstanding cadets in every respect.

LEE VANCE PHILLIPS

"Lee"

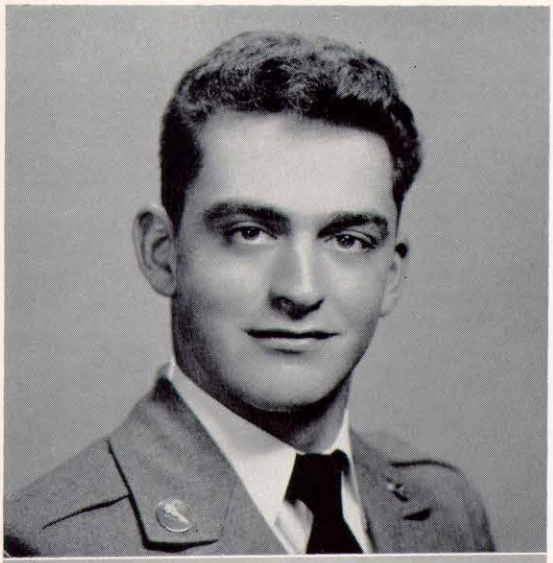

Always with a smile and most even tempered cadet ever to attend Augusta. A-1 athlete for his size, star backstroke swimmer, good center in Football. One of best officers and of captain quality-Handsome and quite the ladies attraction, kind, interested in all that pertains to Augusta. Roller Rifles, friendly, interested in following engineering. Hot Rod specialist as his own design will attest.

ROBERT I. PHILLIPS

"Bob"

The one cadet in the corps who knows how to take life easy, for when you want to find him, go to 312 and there he will be in his bed sleeping. Likeable, popular, capable of being top student, officer or athlete if he desired. He did a good job on the Swimming team and was responsible for the fine record it made. Social life attracts him more than other phases of cadet life.

A. CHAMBERS RAY

"Chip"

Another even tempered cadet who seldom, if ever, blows up. His work on the Varsity football team was outstanding and worthy of highest praise. A good wrestler and mound man, fair student for his mind is elsewhere, steady and conscientious officer, Roller Rifles, and color bearer.

LEE HAROLD ROBERTSON

"Tootie"

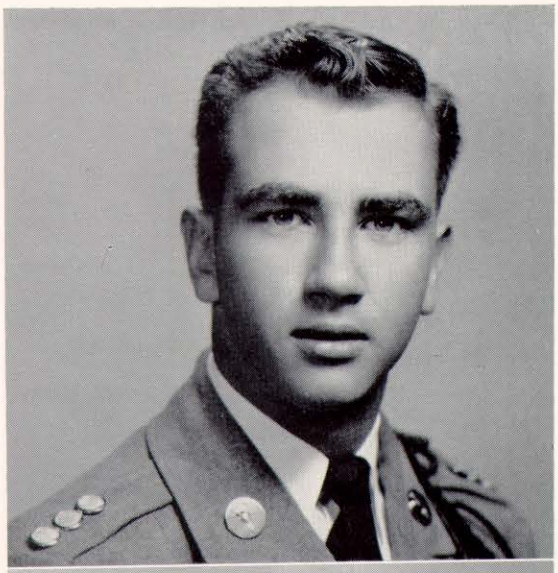

Should you hear "jet propulsion" resounding in or around the campus, follow up the noise and you'll probably find Harold tinkering with one of his many models of airplanes. Many of which have won for him fame throughout the Southern states. A more conscientious Officer of the Day would be hard to find. Too lax with his academics for he usually ends up in Study Hall every other month. His work as Treasurer of the Cotillion has shown his fine abilities.

PATRICK STANTON

"Pat"

Rare combination of brains and brawn. Excellent "H-Q" Co. officer, Varsity Football, Roller Rifles, Varsity Basketball, Tennis and Honor Roll. A hard worker who wants to get ahead in life.

WALTER LEWIS STONE

"Pete"

One of the finest Captains "H-Q" Co. has ever had is the consensus of opinion. Varsity Football, Lacrosse, Cotillion Club, Honor Committee, and All-around Cadet who puts welfare of Augusta before his personal desires. Popular and Leader.

FRANKIE CRAWFORD SUTER

"Frankie"

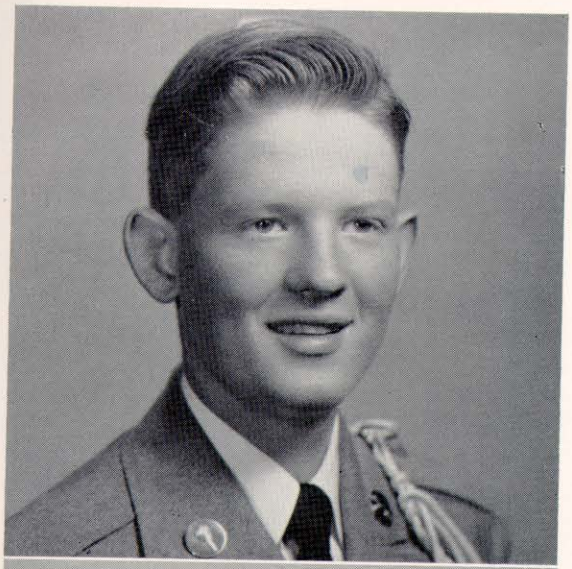

Unnoticed and without fanfare he does more than his duty both as Captain of the Band, Vice-President of Student Body, Honor Committee Membership, Cotillion Club and Bus Driver. Looks after welfare of Juniors not only in "J" Barracks but the entire school. Never reluctant to stop and do that errand for you or someone else. Ad Astra Per Aspera and lives up to its motto in every sense of the word.

WILLIAM GUY TOWNSEND

"Guy"

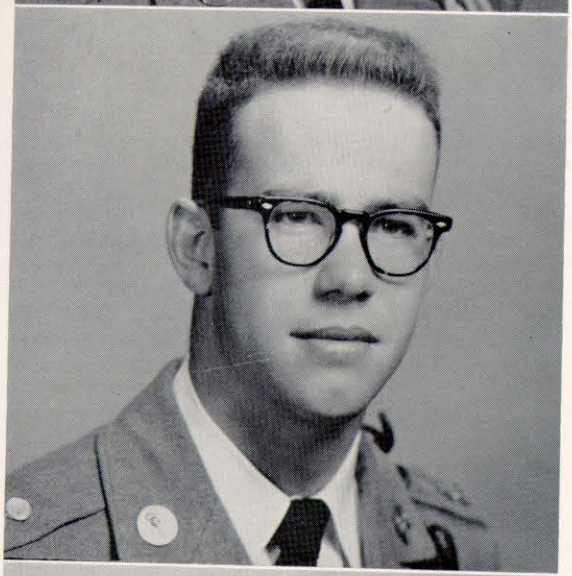

One would never realize that this fellow is one of the best athletes Augusta has ever had. Top Epeeman in Fencing where he earned his letter his first year. Mid-fielder in Lacrosse. Tops in academics, good officership as his record in the Band will show. Friendly and willing always to do his share and more to promote the welfare of his Alma Mater. Worthy of every honor that comes to him.

GEORGE MEREDITH TRIBLE, III

"George"

One of our better new cadets who is headed for Washington and Lee. Varsity football and basketball for the wishes of others rather than for his own. Lacrosse, Honor Roll. Always eager to learn something new that may help him make a better student. Willing and earnest in all that he does and a true gentleman in every sense of the word.

TOM CUSHING WALLACE, IV

"Tom"

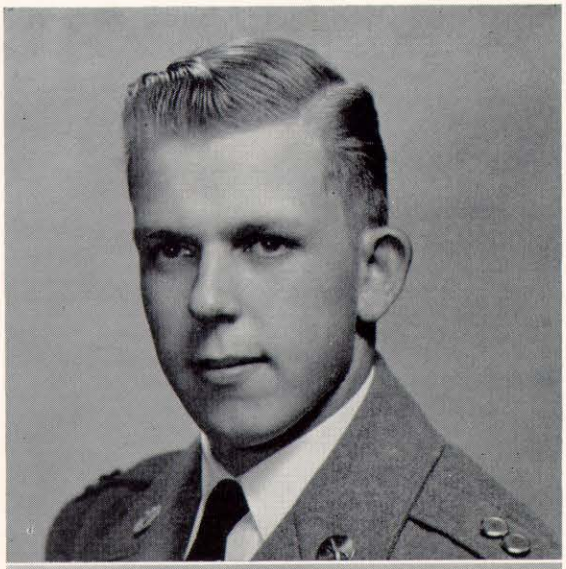

Already raising his herd of pure Herefords with which he has put himself through Augusta and will use them to finish his college education. Varsity Football, Swimming, Tennis and Lacrosse. As good a student as any teacher would wish for. Roller Rifle Membership and Able Acting Captain of "A" Co. Hard worker in all that he undertakes and this includes every activity.

PARKER LaFON WARD

"Parker"

Possessor of as many honors as a cadet can amass in a single year. First Captain, President of Student Body and Honor Committee, Captain of Roller Rifles, Varsity Football, Ad Astra Per Aspera, Honor Roll, Cotillion Club, Swimming Captainship, All-American Backstroke Swimmer for Third Year, State and Southern Interscholastic Champion, and Golf Team. On call for every whim and problem of every cadet and faculty Officer. Rifle Marksmanship, etc. too numerous to mention.

ROBERT WAYNE WEANT

"Bob"

Study and You will get ahead is Bob's motto and every afternoon you will find him working on his studies in his room. He will not even take time out to go to town when permits are available. Varsity Football, Rifle Team, Golf Team, Roller Rifle, Top Lieutenant in "B" Co., Lacrosse, just an all-around Augusta cadet.

FAUSTIN E. WIRKUS

"F. E."

One of Augusta's top athletes who belives in trying to make his academics match his prowess on athletic field and the two are not far apart. Varsity Football, Rifle Team, Baseball, Honor Roll, Roller Rifles, Excellent Sergeant in "A" Co. Living up to the family name in Marksmanship in which he equals his father's ability. A true friend to have and cherish.

FRANCISCO A. HERNANDEZ

"Chico"

Politeness with unexcelled manners that is typical of all Spanish-speaking cadets. Whatever he takes up is finished with excellence as his work in the foil weapon has exhibited in the sport of fencing. In the Roller Rifles he has made a mark for all to equal. Keeper of the neatest room in Barracks.

Tactical Department

Augusta is indeed privileged to have such a capable and efficient P.M.S. & T. in the person of Major Albert S. Dalby.

His educational background at West Point and his record during World War II have enabled him to bring to Augusta the peak of efficiency in its R.O.T.C. unit.

His interest is personal and he is never too busy to listen to the problems of the cadet officers and privates alike; and wise is his advice to those who seek his help.

Captain Donald J. Hassin, Infantry, assistant P.M.S. & T., came to Augusta 10 June 1952 after his tour in Korea. His work with this year's rifle team is evidenced by their outstanding performance.

Sergeant First Class John R. Hunt came to us from the 101 Airborne Division, Camp Breckenridge, Ky.

M/Sgt. J. R. Wallace came to Augusta on February 5, 1952 after being on duty in Japan.

M/Sgt. J. H. Lawrence came to us after serving in Europe in World War II. His training includes service at Fort Knox. He is also assistant coach of the rifle team.

M/Sgt. Gerald R. Crumley served with the 29th Regiment in Europe in World War II and with the 24th Infantry Division in Korea.

Battalion Staff

Parker Ward
Battalion Commander

THE FIRST CAPTAIN

In Parker Ward, as First Captain and Battalion Commander, has exhibited all those qualities that are necessary to make the ideal ranking cadet officer.

His military bearing, his command of voice and his personality have all been welded together and the result is one of the finest, if not the best, officer Augusta has made in the past twenty-five years.

He has earned the respect of cadets and faculty alike by his firm hand with wise decisions always impartially made.

CADET ADJUTANT

Tomme Gamewell is another cadet who was made at Augusta. Having spent five of his six years in "D" Company, he has learned only that wisdom and patience that comes through being with and working among the junior cadets of this school.

The time spent in "D" Co., has more than prepared him for the task of assigning cadets to guard detail and writing up reports, special orders and many other little details that he has had placed in his hand for administration.

Varsity Football

SEASON SUMMARY

In its second year of de-emphasized football Augusta had to content itself with continuing to build for the future as it did a year ago.

The team this year was better than its predecessor but the schedule it met was still out of its class. Against teams such as Miller School, Roanoke Catholic High and Virginia Episcopal the showing was commendable but our other opponents were just out of our type of football.

The Coaches deserve great praise for they did a good job and 1954 will bear out that statement.

A.M.A. WARREN WHITE MAKES GAIN AGAINST V.E.S.

Garnett (84), of V. E. S. tries to Stop White (28), just before Dick Bramwell (49), blocks him.

Culpeper High 45 Augusta 0

At Culpeper

Culpeper had a Roman Holiday as it romped over defenseless Augusta in the opening contest for the Blue and White eleven.

Augusta put up a game fight but yielded to superior blocking and the experience of its opponent.

Virginia Episcopal 45 Augusta 0

At Ft. Defiance

The two schools to de-emphasize football met with the more experienced team, V.E.S., winning.

For V.E.S. its John Farinholt, Don McKee and Bob Barber were three men Augusta just could not stop. For Augusta T.C. Lea and Doc Bramwell sparked what offense the cadets had but this was not good enough.

What became apparent in this and future games, Augusta's secondary was too weak to stand up against its opponents' aerial attack and down-the-field blocking.

Emory-Henry Jayvees 60 August 14

At Emory-Henry

Emory-Henry College Jayvees just had too much in every respect and they seemed to score at will. They emptied their bench and used every method known to coaching to keep down the score but to no avail.

In the final period Augusta came to life and with the passing of T. C. Lea to Warren White and Johnny Fitts, Augusta scored twice. Hunter Cox kicked the extra points.

Miller School 14 Augusta 0

At Ft. Defiance

Augusta gave up a single touchdown in each of the first two periods and then battled Miller School on even terms for the second half.

Bob Davis, 220 lb. Miller School fullback, flipped a lateral to Clint Monemaker who shot a 50 yard pass to Hen Davis for each of the touchdowns. This same play was worked twice with the Augusta secondary too close to the line.

A.M.A. vs. MILLER SCHOOL

Augusta's Ken Hoke (white jersey) was taking no chances. A pass intended for Miller School's Fred Reese missed its mark, but Hoke pulled the intended receiver down anyway.

ON HIS WAY FOR A TOUCHDOWN

Johnny Fitts on his way for 60 yds. and a touchdown in the Glass High Game.

Roanoke Catholic High 0 Augusta 14

Augusta took the game in hand with the first play and never gave up to take the first and only win of the season.

Ken Hoke was the main factor of Augusta's success for he alone accounted for more than all the other backs together.

This was the game between ex-coach Jim Morris against his former team, Augusta which he coached in 1952.

F. E. Wirkus, Pat Stanton and Hunter Cox worked with Hoke in this win.

Fishburne 54 Augusta 0

At Ft. Defiance

In the season final game Fishburne, with its Jim Hartbarger and Bob Eanes dividing the honors, romped to an easy victory over Augusta.

For the first period Augusta kept Fishburne on the defensive until a long pass from Eanes to Hartbarger set up the first score. After that Fishburne had its own way for whenever it needed the yardage a pass did the job.

Doc Bramwell and Johnny Fitts gave Augusta what offense it had. John Bell, Bud Burnett and Pete Stone were our stars on the defense.

E. C. Glass High 52 Augusta 7

At Lynchburg

Lightning struck the Augusta team again for the second time in two years as Glass High of Lynchburg swamped Augusta.

Augusta put up its usually game fight but to no avail as Glass High rolled on through the Blue and White secondary.

In the final period Doc Bramwell flipped a short pass to Johnny Fitts who scampered sixty yards for the only Augusta score. Cox converted for the extra point. Injuries received by Augusta in this game killed their offense in its last two games.

Hargrave 63 Augusta 0

At Chatham, Va.

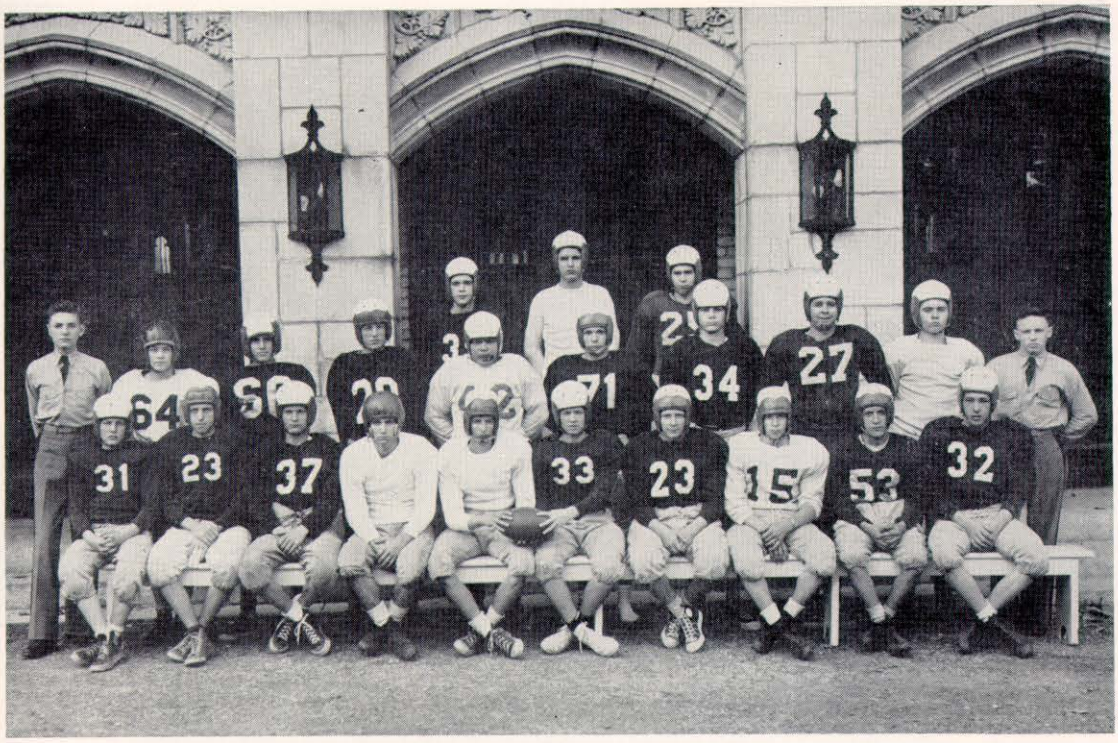

Hargrave avenged its defeat by Augusta in 1950 by trouncing its arch rival by almost the same score it was beaten previously.

Hargrave divided its scoring up between its four ends and two sets of backs cheered on by the yell "Remember 1950".

Augusta without the services of Ken Hoke and many others could never muster any form of attack and had to content to play the best defense it could.

Ken Hoke goes for a short gain Saturday afternoon as Augusta whipped Roanoke Catholic High School, 14-0.

Front Row—Dave Merenick, Wayne Barlow, John Buchanan, Ed Dulin, Tom Lasell, Jack Chichester, Hampton Foley, Phil Devoe, Dave Foley, Ken Nichols.

SEASON RECORD

Augusta	12	V.S.D.B.	6
Augusta	0	V.S.D.B.	12
Augusta	0	Woodberry Forest J.V.	36

Normally the Tigers work with the goal of sending some boys to the Varsity the next year after they have had the experience that games alone can give.

This year games that would have been played by the Tigers went to the Junior Varsity and thus left the Tigers with almost no schedule at all.

In the opener with V.S.D.B. Jimmy Hovermale and Bruce Haynes shared the honors by tallying each once. V.S.D.B. early in the game took the ball to Augusta's 5 yard where Jack Chichester intercepted one of their passes and ran the ball 95 yards before being tackled on V.S.D.B.'s 5. Hovermale went around end for the first TD.

In the third quarter Hovermale passed to Haynes who went all the way to score.

In the return game with V.S.D.B., Augusta kept its opponents on the defensive stopping them at every try for three periods. Then Ben Yates passed to Don Smith who had gotten behind the Augusta Secondary and went the distance for a score.

Another fumble by Augusta deep in its own territory led to the second and final score of the game.

In the final game of the season Woodberry Jayvees with 12 victories to its credit added its 13th victim by trouncing Augusta. Our opponents used the same play for 6 successive tries—getting Augusta to play close to the line and then they would get a man free beyond our secondary to receive a pass.

Lack of substitutes made it hard for the 1954 Basketball team to win more games than it did.

A good carry-over from 1953 made it possible for the team to put on the respectable showing it did make.

The highlights of the season were the wins over Roanoke Catholic High and V.S.D.B.

A good many new players were developed during the season: Jim Hollar, Adrian Howard, Jack Chichester, Steve Rodgers, Bob Mariner and Steve Askin: all of whom will return next year which should make 1955 look more promising.

Coach Paul Livick was one of the finest gentlemen ever to coach an Augusta quintet and to him goes what credit is due for the fine performance made this season.

The best brand of ball was played against V.E.S. at Lynchburg and against V.S.D.B. at the end of the season.

A Team Not Only For This Year But Years To Come

Swimming

Parker Ward and Johnny Bell, co-captains, fulfilled the hopes of all by their splendid performances throughout the season.

Parker Ward went undefeated in all competition against, prep, high school and college opponents. So well prepared was he from his previous year, he never met any opponent worthy of close competition. First place was commonplace to him. First in the Southern Interscholastics — State Meet at the University of Virginia climaxed by winning All-American Prep School Berth for the third consecutive year.

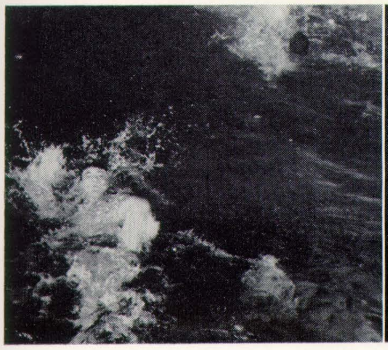

Johnny Bell consistently won first places against normal competition and won a 2nd in Individual Medley at Chapel Hill, 3rd in Diving and Individual Medley at State Meet.

Augusta 4 man team won 4th place at Southern Interscholastics and its 3 man team did the same at Charlottesville State Meet.

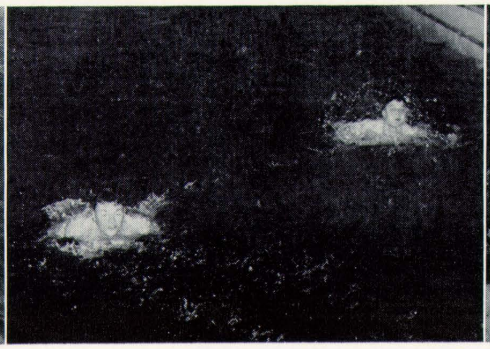

Worthy of mention is the wealth of material —green it is—that will return next year to uphold the traditions of Augusta.

In the annual meeting with West Point we forced them to the limit but lost. The team spent 20 hours on the road driving thru rain, snow, sleet and ice to reach their goal.

John Ireland and Mike Bottino each won two in the foil with Hugh Harmon taking his solo. Guy Townsend won all three and Bob Meals two in the epee. Tomme Gamewell and Ricardo a single in the saber.

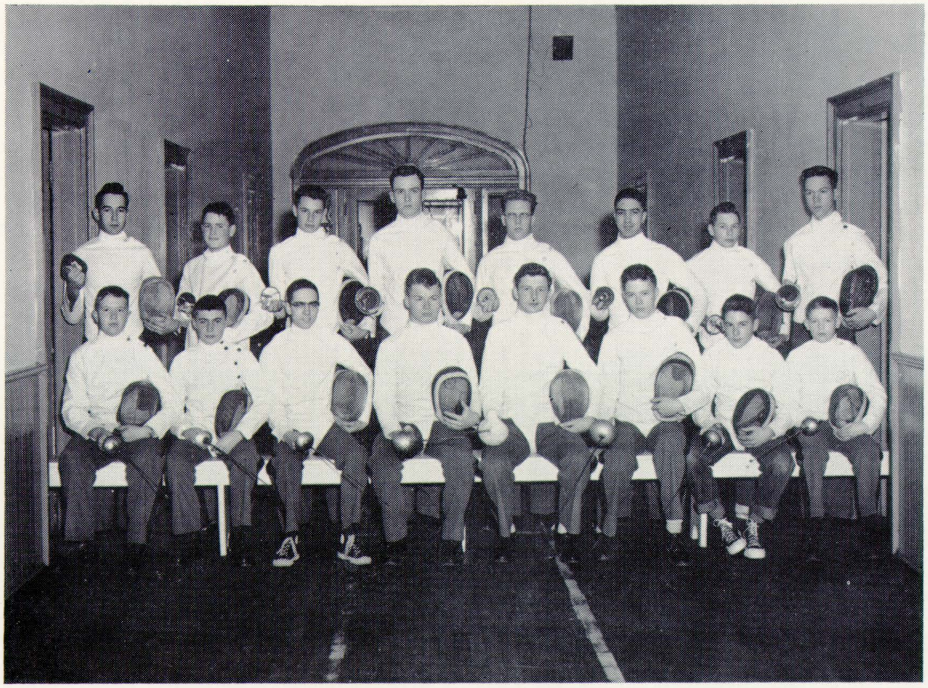

Augusta won two of the three weapons: foil and epee but lost the saber.

When Augusta went up against Navy they found that the Navy undefeated Plebe team with a record of wins since 1949 was too much for our foilsmen.

Johnny Ireland won the only bout in the normally strong foil team.

Guy Townsend won two of his three and lost to his Navy opponet 3-2 in his third.

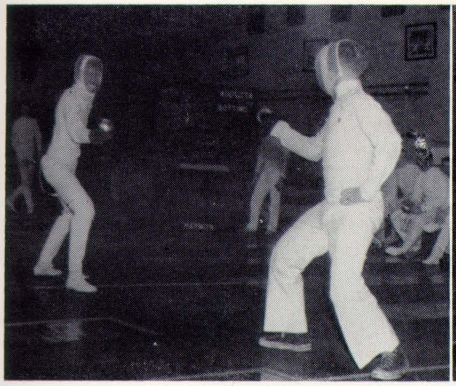

Ricardo Alvarez and Bernard Cockrell won the only saber bouts.

Standing—Barney Cockrell, Doug Benedict, John Ireland, Guy Townsend, Mike Bottino, Fran Hernandez, Phil Devoe, Bob Meals.

North Carolina State became the first victim of Augusta's fencers as they lost all three weapons: the saber and foil, 5-4 and the epee 6½-2½.

In saber Gemewell won two of his three and Cockrell, Alvarez and Moya each won one.

In foil Bottino and Ireland each won two while Hassell won his first of the season.

Meals took the honors of the meet as he won all three in epee, followed closely by Townsend who won two and tied one. Bill Trapnell tied the 1 NCS man.

In an exhibition match with the V.M.I. Fencing Club Augusta walked away with the epee, 9-0 and won the saber 6-2 but was whitewashed in foil 5-0.

In epee Townsend, Meals and Trapnell each won all of his bouts with townsend yielding but a single touch as did Trapnell while Meals yielded three touches.

In saber Cockrell and Alvarez shared honors by each winning both bouts while Gamewell and Moya won one and lost one.

In foil, a good fight was put up against Chioco, V.M.I. just had too much experience.

Next Year The Outlook Appears Much Better

In the first match with Jefferson High the Keitges brothers were the only winners for Augusta: Bob tying in the 145 lb. class, Jim with a decision in the 175 lb. division.

Against the strong Fleming High team John Fitts got a draw in the 126 lb. class, Ken Hoke and Bob Keitges winning a decision in the 155 and 145 lb. classes respectively.

Meeting our ancient rivals V.S.D.B. who avenged many a precious defeat, Glen Taylor won in the 133 ib class while Ken Hoke won again in the 155 lb. class.

South Norfolk were too much for Augusta although many a match was close and for the home team Fitts won in he 125 lb. class, Chuck Hollingsworth in the 139, Bob Keitges in the 145 and Jim drawing in the 175.

Against V.M.I. Glenn Taylor got a draw in the 134 lb. class while John Fitts was the only man to win a decision and that in the 126 lb. division.

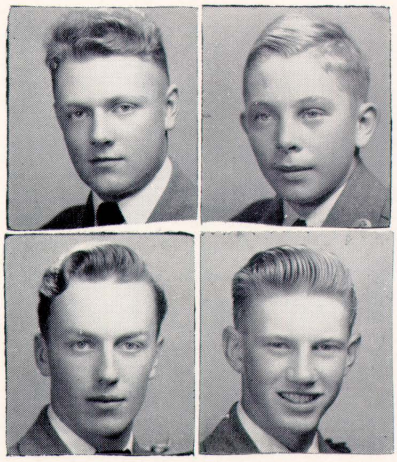

David and Hampton Foley, Ken Hoke won decisions against Woodberry Forest while Bob Keitges threw his opponent.

In the return match with V.M.I. we bettered our score when John Fitts threw his opponent while Hampton Foley and Ken Hoke won decisions. Hoke defeated the same man who won from him in the first match.

With Greenbrier we won our first victory which was sweet after a long series of losses.

David Foley, Bob Keitges and Ken Hoke threw their opponents while Johnny Fitts and Glenn Taylor won decisions.

SEASON'S TOP MEN

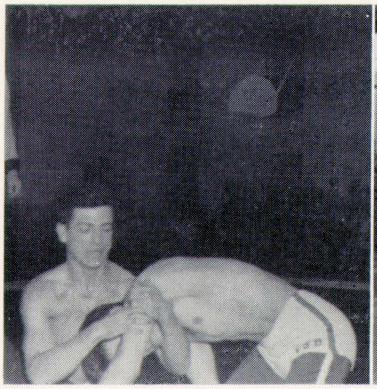

Bob Keitges Glen Taylor
Jim Keitges Ken Hoke

Although we won, we put up our worst exhibition of the season and this was due to the loose type of wrestling put forth by Greenbrier.

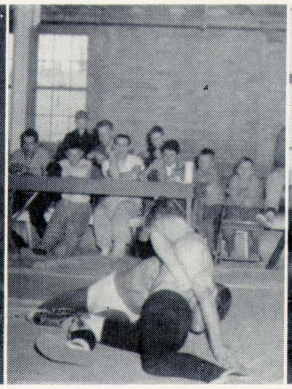

Against Jefferson High in the return meet the Keitges brothers, Jim and Bob, won decisions as did Ken Hoke and Glen Taylor.

In the State Tournament held at University of Virginia, we entered four boys but only one survived the preliminaries and then this fellow, Ken Hoke, was injured in a bout and was forced to withdraw because of three broken ribs.

With a good nucleous of sharpshooters left over from last year, the 1954 Rifle Team made a splendid showing.

The two losses to Randolph Macon had one good point in our favor for we did get up steam that generally kept us above 1300 throughout the entire season.

The sweetest victory of all came when we avenged our first defeat with Fishburne by beating them when they came here to fire the return meet.

Against Massanutten we made our highest score and made possible the second victory over them.

Capt. Hassin and Sgt. Lawrence are to be congratulated for the fine job of coaching they gave the team throughout the entire season. To them we owe our undying gratitude for a job well done.

Dear Mother:
Did you ever stop
to think of the many activities
you can engage in while you
attend Augusta?
Those Literary society
meetings gave the feeling of secu-
rity, when I had to make a
speech. The Speakers at the "Y"
gave me inspiration and knowledge
which I shall use as long as I live.
The dances with all
those wonderful decorations and
the good times we had dancing
with my girl, you and other
girls longed for!
I believe that the
greatest honor and help came to
me when I took over the editorship
of the Bayonet the Recall there

Officers of the Student Body

President Parker Ward
Vice-President Frankie Suter
Secretary Tomme Gamewell
Treasurer Pete Stone
Sergeant-at-Arms Ken Hoke

The five officers of the student body which were appointed by Col. Roller this year have been given the highest of honors that may be bestowed upon a cadet.

As in the past, it has been their duty to represent and look out for the corp in matters that concern the welfare of the school.

These five officers are the links that complete the chain between the cadets and the faculty. Much is owed them for the job which each has carried out to completion.

One would have to go far to find a more able president than Parker Ward. He has proved himself deserving the honors given him.

The other four members of the body have gone all out to make Augusta a better school which to attend.

This group of officers has done more with the interest of the school at heart than any other officers in the past ten years.

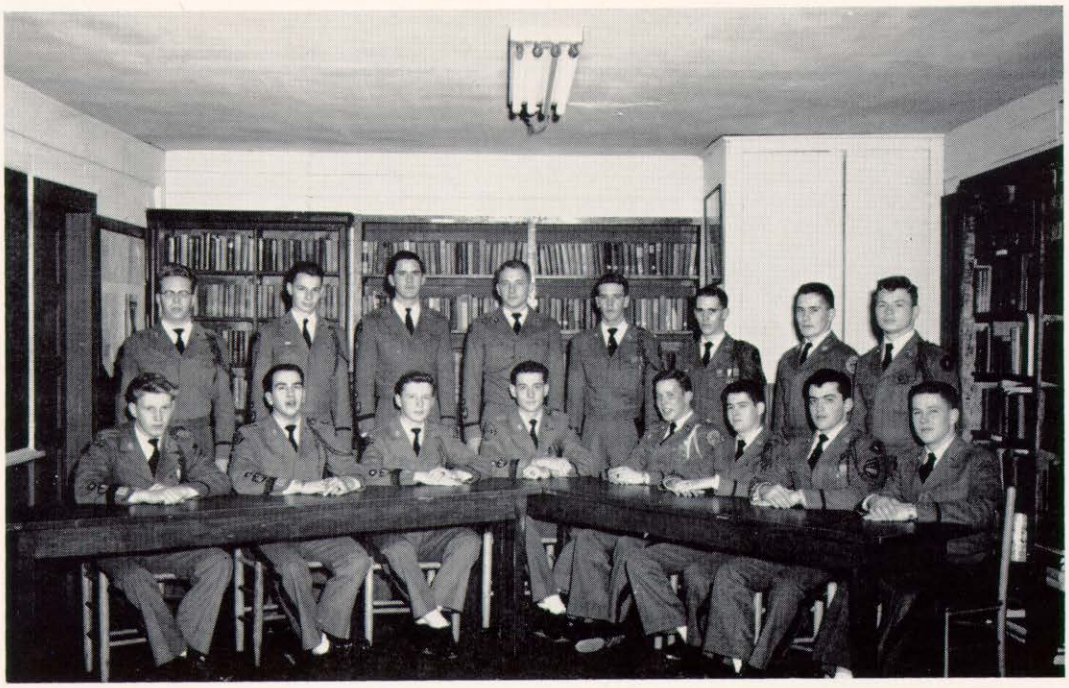

The Honor Committee

The Honor Committee this session was made up of the five officers of the student body plus the officers of the Third, and Second Year Classes. The officers of the Third, and Second year were elected by the members of their own classes.

Whenever the occasion arises for an Honor Committee Trial, these gentlemen will meet in secret session with Major H. B. McCrum of the Academic Board. After they have come to a decision, the decision will be passed on to the Academic Board meeting with the Commandant to pass upon, revise, approve or reject the decision of the Honor Committee. Then the decision of this board will be passed on to the principal for final consideration.

It is felt by the faculty and cadets alike that under this system, justice will be met.

In addition to the Officers of the Student Body the following men compose the Honor Committee: Third Year Men, Lee Phillips, Ed Burke, Roy Pope, John Ireland; Second Year Men, Chip Ray, John Bell, Mike Bottino, Ed Dulin; First Year who listen in on the proceedings but take no active part, Bruce Haynes, Bob Quimby, Bob Clements.

Standing—Mike Bottino, John Ireland, Roy Pope, Bob Clements, Ed Burke, Ed Dulin, Sheldon Quimby, John Bell.

Seated—Ken Hoke, Pete Stone, Tom Gamewell, Parker Ward, Frankie Suter, Lee Phillips, Chip Ray, Bruce Haynes.

Ad Astra Per Aspera

Col. Charles S. Roller, Jr.
Founder

To be elected to this honorary fraternity is the highest honor that can come to a member of the cadet corps. He need not be a member of the Senior Class although a canvass of the annual selection usually brings out the fact that the seniors usually become recipient of this greatest of all honors.

The fraternity is now in its twenty- ninth year of its existence having been founded in 1925 by our principal Col. Charles S. Roller, Jr. A check of the two-hundred and fifty members who have been elected to this society reveals that this honor usually follows them with success in their future life. Men of all walks of life look back upon this honor as their beginning of real success in life.

The motto "Ad Astra Per Aspera" comes from the Latin and is translated "To the Stars Through Difficulties." The cadets receiving this award must have lived up to this motto as it implies simply our best.

The oldest members in this fraternity of the faculty vote just before Finals for the best and most outstanding cadets. The ten cadets receiving the highest number of votes are honored with the coveted pins on the day of graduation.

In addition to the founder, the only cadets in this corps members of this organization are Frankie Suter who was elected in June 1952, and Parker Ward elected in 1953.

Among the faculty members include Capt. Sam S. Wales, Lt. Col. J. C. McCue, Lt. Col. H. D. Deane and Major Paul Hoover.

One of the most distinctive features of the Y. M. C. A. is the fact that it is, according to Bob Ripley, the "oldest Y. M. C. A." in the world.

It is an outgrowth of the weekly Sunday Bible Class begun by the wife of Prof. C. S. Roller, Mrs. Belle Roller who would invite the boys of the early Augusta Academy to her home for an hour devotion of inspiration and prayer. Later on her son the late Col. Thomas J. Roller, carried on the idea begun by his mother and it grew with the years in to its present state of strong influence in the spiritual life of the cadets of the school.

Meetings are held weekly, and many outstanding and prominent speakers in all walks of life appear on the programs which are varied to keep up the interest.

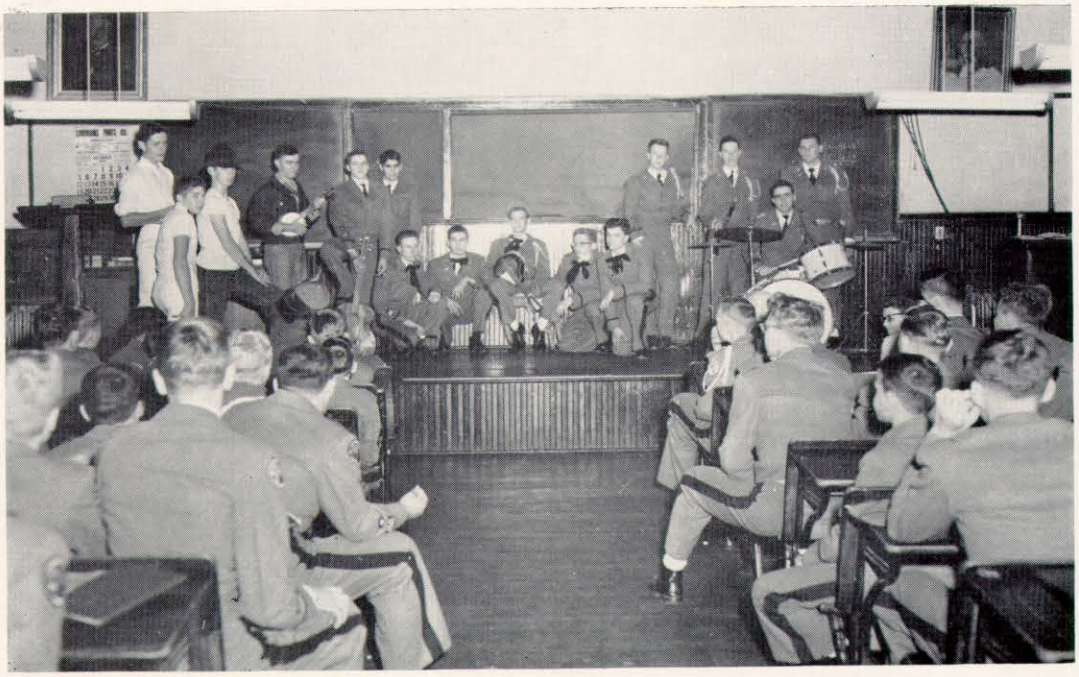

The Lynchburg Orphanage and Queenie Miller's Orphanage in Staunton are but a few of the many places which are actively supported by the Augusta Y. M. C. A.

Featured programs throughout the year include those at Christmas, Easter Sun Rise Service, Mother's Day, all of which attract interest and inspiration.

Annually the Y. M. C. A. is represented at the Natural Bridge Preparatory Y. M. C. A. Conference which is held at Virginia's Wonder of the World. It is not uncommon for a cadet to be elected an officer in this organization.

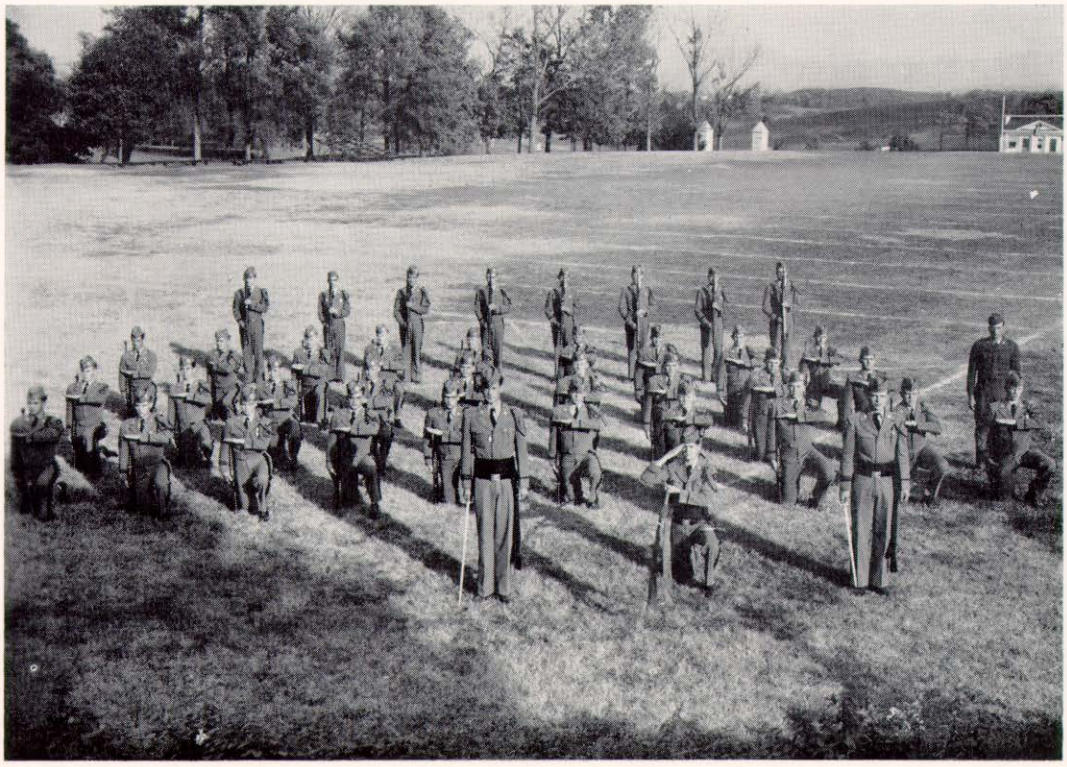

Much of the credit and success of the organization is due to the active interest of its director Captain Herbert W. Lucas and its adviser Mrs. Warren S. Robinson who give freely of their time to further advance this important cadet activity.

The officers of the past session were: Parker Ward, President; Ed Burke, Vice President; Mike Bottino, Treasurer; Frank Suter, Secretary; and Martin Cohen, Cabinet Chairman.

The Roller Rifles

This is the eighth year of existence of the Roller Rifles, the crack drill team of Augusta. It is an honorary platoon composed of the most military and best drilled cadets in the school for show and competitive purposes. This military unit was formed to perpetuate the memory of the late Lt. Charles S. Roller, III, and has as its honorary commander, Col. Charles S. Roller, Jr.

The honorary vice-commander is Miss Linda Moorman Roller, the daughter of the late Lt. Roller. The unit was founded by Capt. George E. Michael, a member of the A. M. A. faculty eight years ago.

The faculty adviser is now Sgt. John R. Hunt. To become a member of this unit, a cadet must be approved by the other members of the group, The Professor of Military Science and Tactics and the Honorary Commander.

Many times throughout the past school year this marching unit has competed with other military schools at various festivals and celebrations. The Apple Blossom Festival at Winchester, Va., the Oyster Bowl Festival at Norfolk, Va., etc., are but a few of the many places where the unit has appeared and has always come off with top honors.

At Commencement each year a trophy—the Dick Young Trophy—is presented to the Captain of the Roller Rifles. Dick Young was captain of the Roller Rifles in 1949-50 and is now in the United States Navy Air Corps.

The officers of the Roller Rifles this past session were: Parker Ward, Captain; Tomme Gamewell, Executive Officer; Ken Hoke, guidon bearer; Tom Wallace, Bob Weant, John Ireland, Ed Burke, squad leaders.

The Ciceronian Literary Society has been found to be the oldest one of its kind in the United States, having been founded in 1865 by the founder of Augusta, Prof. C. S. Roller.

At the turn of the century it was the center of interest as well as the Main Attraction at Finals. Still today, it holds a prominent spot in our Commencement Exercises as it does all-year-round.

Under the leadership of the officers of the Cotillion Club, many informal dances, the Thanksgiving Formal, Winter Formal, Pin-Up Queen Prom, were presented for the enjoyment of the cadets.

Orchestras of high repute enlivened the affairs, all of which added much to cadet life at Augusta.

Capt. C. E. Savedge, as adviser to the Cotillion Club, was of invaluable help in every way and is responsible for making the dances the success they were.

Decorating Committee

One of the unheralded and unhonored organizations at Augusta is the little publicized Decorating Committee. Long hours of work without any mention of reward, much less hope for any, is the outlook of this fine group of cadets who make our dances the success they are.

To transform the gymnasium into a castle, a skyscraper, a cabaret, a forest, a home at Christmas, is just another job to be done as far as the decorating committee is concerned.

The task undertaken is carefully scrutinized and work is begun after careful plans are made. The result—a work of art that everyone admires but appreciates very little for they do not realize the work and preparation necessary.

The Last For Some——The First For Others

Grand Figure at Final Ball Honoring Her Majesty, Queen Elizabeth II

The Final Ball

Each year the Final Ball surpasses the previous one in splendor and originality of thought and from all advertisements this one will out do that of last year's.

This year's theme will be "Ante-Bellum Civil War Period of our country's history." The ceiling and side and end walls will be done in red, white and blue crepe paper.

The stage will show a reproduction of a Southern Plantation with the traditional pillars and long, wide lawns.

On the sides there will be large pictures of the Confederate States with the addition of Maryland and West Virginia.

The young ladies will be dressed in white and will carry large bouquets of American Beauty Red Roses with blue ribbons.

Cadet Parker Ward who will be the Chairman of the Final Ball will have his mother Mrs. H. G. Ward, as his partner in this prom and she will be dressed in an Old Virginia Southern Dress. Cadet Pete Stone, Co-Chairman, will have his mother, Mrs. Louise Stone, as his partner, and she, too, will be dressed in an Old-Virginia Southern Dress.

The cadets in the figure will wear dress coats.

Vice-President will be Tom Gamewell, Secretary-Mike Bottino, Treasurer-Harold Robertson. Mike Bottino will be in charge of decorations. The committee will also include Ken Hoke and Lee Phillips.

Favors for the gals will be in keeping with the tradition of the theme of the Ball.

This year's competition brought forth the most beautiful array of beauty talent in the history of this contest. Over 25 young ladies were entered in this annual contest to select the Augusta Girl for this year.

Innaugurated by the Bayonet Staff, the A.M.A. newspaper, and the Cotillion Club of 1943-44, the affair has gained in competition and popularity each year. The Queen was crown in royal splendor with the flashing of sabers and colors to the tune of the Coronation March.

Her Majesty and her Princesses worshiped at the Old Stone Church, Sunday Morning and then took part in the Sunday morning Inspection of the Barracks. Following this, dinner was served the Royal Group and then later in the afternoon the Cadet Corps marched in review in a Full Dress Parade, bringing to an end the festivities for 1954.

Father Drummond Warns Cadet Audience To Guard Our Treasure Of Liberty

"Eternal Vigilance—the price-tag of Liberty" was the theme of the speaker, Father Drummond of Capuchian Monastery, Staunton, at the meeting of the Y.M.C.A. on Sunday, October 25.

He brought out that "the treasure of liberty is now the privilege of a few for quietly, subtly, slowly but surely the treasure is fading away just because we have given up our Land and Saviour."

He further explained that "being in the lap of luxury, we have let our strength and power be sapped away without our realizing the fact".

Y.M.C.A Will Sponsor Funds To Provide Christmas Dinner For Lynchburg Orphans' Home

The 33rd Christmas Dinner with all its frills will be assured for the children of the Presbyterian Orphanage, Lynchburg, through a fund sponsored by the Augusta Military Academy YMCA.

As has been the custom at Augusta for some thirty-three years, a fund drive will be conducted by the Y.M.C.A. in order to secure donations for purchases for the Orphanage. The built of this sum will be collected at the final meeting of the Y.M.C.A. before the Christmas holiday begins.

The late Colonel Thomas J. Roller, brother of our present principal, undertook this prodigious task about thirty years ago and upon that time it has become as much a Christmas custom here as the traditional bringing in of the Yule Log. Not only does this collection buy the meal but it also purchases clothing and toys for the needy children.

At the final Y.M.C.A. meeting the speaker who will bring the spiritual message will be the Rev. Dr. W. W. Sprouse.

Col. C. S. Roller, Jr., will deliver a short talk on the Lynchburg Orphanage.

The many turkeys, hams, oranges, presents, articles of clothing, etc., will be taken to Lynchburg by some cadet or faculty officer a few days before Christmas.

The story has been told of the cadet who, because of lousy penalty, had to remain at school for a few days after the remainder of the corps had left for their vacations. He was asked to take the food to the orphans' home and

Mr. Augustin Sebik Addresses Y. M. C. A. On Communism Peril

"Now is the Time to Fight Communism" was the subject of a talk delivered at the Y.M.C.A. by Mr. Augustin Sebik, a native of Czechoslovakia.

He stated "I look upon you cadets as soldiers of the free world. For in you I see the only hope of salvation of my own native land and the world". "It is only natural that we have to defend ourselves and we should serve our blessed land voluntarily".

Further—"If you had lived with me and under the same conditions you would realize the dangers of Communism as do and realize that NOW is the time—to wait longer will be fatal".

In conclusion he said "The Russians are watching to make the same mistakes they have made and they are praying that we will take advantage of their mistakes and strike, while late is on our side."

Following the meeting many cadets remained to discuss excitedly the subject taken up.

The Bayonet

The Bayonet was first published in the early part of the nineteenth century. The paper continued regularly until 1932 when it was discontinued for five years. Then in 1937, it was revived in a different format. In the year 1941, it was again changed, streamlined and improved to keep up with the times.

The Bayonet really came to the front when it was made to its present appearance in 1947. It has always been the aim of each succeeding staff to further improve on the outstanding accomplishments of the previous years.

The Bayonet is an active member of the National Scholastic Press Association, The Southern Inter-Scholastic Press Association, and The Quill and Scroll Society.

The Bayonet owes much of its success to Major Paul V. Hoover, the adviser, who has introduced many up to date features and improvements since he has been associated with the paper.

Always Striving To Make A Better Annual

It Takes A Year Of Hard Work To Put Out A Yearbook

It has been the continual goal of the RECALL staff to produce a bigger and better year book each year. It is difficult to imagine the research, toil and time which contribute to the success of an outstanding year book. In the views of an average person, a year book is nothing more than another publication. It would be hard for them to realize the itemized proportions that go into the production of such an enterprise. Selling books, soliciting advertisements is only a small portion of the task.

Making the dummy, the write-ups, the photography, etc., are but a few of the many items and tasks necessary for a first class annual. The few who actually do the work have only their personal satisfaction on a job well done to pay them for the many extra hours they have to spend. Their work is recognized nationally and statewide when they are awarded First Place Honors—for 1953 RECALL—as they won in the contest conducted by the National Scholastic Press Association at the University of Minnesota and Columbia Scholastic Press Association. High Honors were also won in the S. I. P. A. contest conducted by the Southern Inter-Scholastic Press Association at Washington and Lee University. Such honors made the staff feel that they had done a good job.

The 1950 RECALL won first place honors in National Scholastic Press Association, of University of Minnesota.

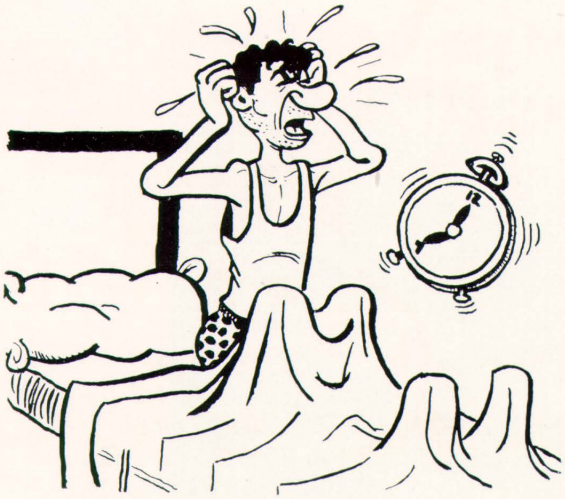

This year, thanks to a capable staff and the worthy advice of Major Paul V. Hoover, it is our belief that we have turned out a worthwhile addition that is certain to find a place among the long list of other top rate year books, that have proven an Augusta heritage.

"OH! WHAT

In most stories, morning is described as a time when the birds are singing and the sun just peeping over the brow of a hill. Well, the day at Augusta begins differently. You see, the birds haven't gotten up yet and the sun just went down.

As you lie comfortably in your bed in the gentle arms of Sleep, you hear the beautiful strains of a symphony orchestra as they glide through one of Beethoven's best. Suddenly you awaken to realize that instead of the New York Philharmonic Orchestra you were listening to the gentle strains of first call being played by some half-asleep disk-jockey on the infamous AMA call system.

Grunting disheartedly, you pull the covers over your head until first fall-in to "soupie" at which time you hop out of bed and grumble and growl because the guard detail is rushing you. With your pants half off, you stumble out of the front-arch into the cold misty morning and with the aid of a flashlight and a bloodhound, locate your company and cave—I mean fall in.

Breakfast over, you get back to your room in time to hear the four-thirty news and to sweep your floor. Mail call goes, but you never get any mail anyway so you just sit around and wait for school to go. Of course when school call is sounded there's the old cry of "What's da rush?"

School seems to be an endurance test because no man can last long under such conditions. Between the three great acids and RTP, three hundred and seventy-five cadets push, shove and plow their way into the post exchange for a Coke or like refreshment. Recess, which is of uncertain duration comes to an end almost before the esophagus carries the food to the tummy and we're back on the old grind for a while longer. Very soon

A DAY"

after the end of the sixth period, you're out of school for the day. "Lunch, right away" is called over the loudspeakers in barracks at precisely the same time that the end of school is called over the academic speaker system. It is really marvelous how these two operations go off so splendidly.

Lunch, which is of necessity longer than most meals, is over and we grab a rifle and tromp out to (?) drill. After practicing left face for forty-five minutes, we go through ceremonial parade, escort to the color, review and inspection, and then, even though still not tired and raring to go, we drag each other from the drill field.

All the bad boys now go to penalty and there are quite a few more bad boys than there are "angels". At least so it seems to the fellows who have to work. Coal pile, White Hall gymnasium—all are the same to those "unfortunates" who draw hours in these places.

The rest of the boys have nothing to do — except swimming, wrestling, lacrosse, basketball, fencing, Recall work, Bayonet work, sewing on buttons, shower, shave, shoe-shine, and then the air is filled with the melodious call to quarters. In ten minutes, it's SRC and we're back in the mess hall where food is filling our stomachs and evil thoughts of going back to study are filling our minds.

Supper is over and we're back in our rooms ready to study. Noses are put to the grind-stone to finish that last minute theme and when first release is sounded, it's really the first welcome call of the day. Five minutes at the P.X. and we're back at work again except those elite members of the hard-to-get on Honor Roll.

Not long afterwards taps goes and we roll into the "sad -sack". Speaking of bed, I think I'll roll in myself as it's three A. M. and my candle is burning low. G'night!

It Could Happen As It Has In The Past

Class Prophecy

Time—1968 and the place—the A.M.A. Campus where the annual Finals are getting underway. The crowd this year is much larger as one of the largest graduating classes on record will go out into the world to seek further education or to begin earning their own living.

Augusta has become the leading educational institution in the country, and probably the world. In the past fifteen years quite a large expansion both from the educational as well as the building program has gone on. The Junior school now boasts of two hundred cadets and twenty-five full time instructors. The upper school has an enrollment of about four hundred cadets while the Junior and Senior College take care of six hundred students.

Colonel Roller is still quite active in all affairs and teaches his College Algebra Class both to the Junior College and also the College Freshman. When not attending to school duties, "Big Boy" tours the country on speaking engagements as he is in great demand due to the rapid growth and almost unheard of development of his school.

Ricardo Alvarez is an honored member of the Cuban Assembly and is being mentioned prominently as a leading candidate of the Nationalist Party for the Presidency.

A. K. Austin is a Contracting Engineer who has developed a new residential section of Detroit, Michigan.

Johnny Bell after being graduated from V.M.I. went into service in the U.S. Army and has risen to the rank of Brigadier General and is with the Chief of Staff in Washington, D. C. He represented the United States Olympic Team in 1956, 1960 and 1964 a long distance swimmer. He broke several world records.

Mike Bottino is now recognized as one of the country's leading physicists and is working with the Atomic Research Center at Oak Ridge, Tenn. His work as a foil fencer was so outstanding while at M.I.T. that he was selected to be a member of the U.S. Olympic Fencing Team in 1956.

Doc Bramwell has just concluded twelve years of Professional Football, Basketball and Baseball. He played with the Cleveland Browns in baseball in 1958 when they won the World's Championship. His work with the Cleveland Browns

Football team enabled them to clinch the title for the first time in 1959.

Bud Burnett is chief illustrator for the United Syndicate which controls the political cartooning for the leading U.S. papers. His caricatures of the 1956 elections won him the Pulitzer Prize for the Outstanding Cartoonist of 1956.

Manley Caldwell is the General Manager of the Miami Herald. On the side he coaches the swimming team of Miami University. His chief interests include orange groves of 12,000 acres.

Walter Carbough, who won the title of Mr. America in 1958, is now in the business of manufacturing and selling bar bells and weight lifting equipment. He is now the new "Mr. Atlas" of the world.

Bobby Clements has been playing professional baseball in the Piedmont League and has been managing the Pennant-Winning Atlanta Bobcats to their thirteen consecutive title.

Hunter Cox has a chain of Ford Agencies under different names throughout the Southern States. He has been playing some professional baseball when time permits with the New York Yankees.

Eddie Dulin is the head of Dulin and Co., Stock Investments and a member of the New York Stock Exchange. He recently negotiated the sale of securities of the Republic of Brazil in the United States.

Joe Eagles has a chain of General Stores throughout North Carolina and grows the finest tobacco in the South. His crop every year is sold to Carona Cigarettes for twenty per cent premium. He says that his own private fertilizer which he manufactures yields tobacco which cannot hurt any one smoking cigars or cigarettes made from his burley.

Dave Fletcher is now Head Football Coach of University of West Virginia and has accumulated a string of 57 victories over his opponents—a record that no college has yet to equal.

Tomme Gamewell is the head of Gamewell, Inc. which offers expert engineering advice on all matters pertaining to construction of every type.

Gilbert Goldstein is in the manufacturing of allied products to the Rubber

Industries. He combines his time between this business and the large coffee plantations which he and his brother own in Honduras, C.A.

The Gontrum Brothers, Inc., is the name under which Lewis and Ralph Gontrum do business in Alexandria. Their main line is electronics and they offer almost every form and type of any machine connected with this phase of electricity.

Francisco Hernandez buys, sells and raises Pedigreed Cattle on his vast Cuban Plantation. Sugar and Coffee are also cultivated on the same hacienda.

Kenny Hoke after a brilliant collegiate career where he starred in Football and wrestling, accepted the coaching positions at University of Maryland and George Washington University where his teams did very well. He sent several of his protegees to the Olympics in 1960 and they won for the U.S.A.

Johnny Ireland went to West Point after leaving Augusta and starred not only in academics but was the captain of the Fencing team in his Junior and Senior years. He also was intercollegiate champion in foil in his senior year. He is now on active duty with the War Department and holds the rank of Brigadier General.

Jack Jones is president of "Motels Inc." a nationwide chain of Motels with locations in every state of the Union, Canada and Mexico. He is past president of the United States Motel Associations.

Jim Keitges went to McGill University and took up industrial farming which he put to good use and he has invented a fool-proof method for producing rain in the dry weather season.

Phil Kirtz is the propritor of Hotel Kirtz in Staunton which has become the standards for hotel accomodations throughout the South.

Tommy Lassell runs a dairy farm which supplies most of the milk which is consumed in Richmond. He is a Hot-Rod Enthusiast and has designed quite a number of fancy and practical "jobs".

Bob Meals entered the Naval Academy after graduating from Augusta and was commissioned into the U. S. Navy and now holds the rank of Admiral and is vitally interested in Jet-Propulsion.

Lee Phillips is the owner and president of Phillips Motors, Ltd. which manufactures "Hot-Rods" on a mass production scale. He graduated from Georgia Tech and Alabama. He is being mentioned for Democratic candidate for U.S. Senator.

Bob Phillips is now in the construction business and has just completed a North-to-South Super Highway in Ohio.

Chip Ray is one of the leading Surgeons of the state of Virginia. After finishing his college four years in which he starred as a great athlete he entered the Medical College of Virginia where he specialized in surgery.

Harold Robertson is adviser to Pan-American Airways. He has designed many aircraft which helps keep U.S. ahead of other countries in aviation.

And We Expect This Prophecy To Fulfill Its Purpose

Class Prophecy

Pat Stanton is athletic director of Davis-Elkins College, West Virginia after having given up active coaching. His teams which he coached made outstanding success and ended with his football team being invited to the Gator Bowl in Florida.

Pete Stone is Coast Manager for the Southern Furniture Manufacturing Co. He is also Vice-President of the same company with head offices in Washington, D.C.

Frankie Suter has his own Band and is the rage of night clubs up and down the Atlantic Coast. He does not have enough time to take his "rare" music to the middle and western part of the United States for his band is in demand all the time.

Mention Pure Herefords and up comes the name of Guy Townsend who owns the most pretentious farm for cattle raising in the nation. Buyers from all parts of the country and many foreign nations come to Manquin for his much-desired cattle.

George Trible is now State Senator from his home district, West Point, Va., He has made quite a name for himself as a great athlete while at Washington and Lee University.

Tom Wallace has his name connected with that of Guy Townsend for both are in the same profession—that of improving the grade of cattle produced in the United States. Either one has about fifty per cent of the cattle business tied up. All of the big meat producing companies are customers of these two famous alumni.

Parker Ward is another of our illustrious alumni who have made the Olympic Swimming team. Swimming nowadays is synonomous with what football is at Augusta for this sport has become almost the major sport at this school since so many alumni have done so well since leaving this institution.

Parker swam in the 1956-60 and 64 Olympics and won each of the times that he entered. On the side he has a series of automotive agencies throughout the state of West Virginia.

Bob Weant is a Physist Research Technician for the Associated Textile Industries. His inventions and discoveries in textiles have revolutionized this industry. His newest material discovered is called "Win-on" for combined with "Du-Cron" it makes a cloth that is usable for all types of climates for its fibers adjust themselves to the changes of the atmosphere. He was named "Man-of-the-Year" by Time magazine for having contributed most to the welfare of the nation through his inventions.

F. E. Wirkus is the president of Remington Arms Corp. and is credited with the inventions of many guns which have revolutionized the arms industry in the past few years. He is also a full general on inactive duty with the U.S. Marines.

Thus it turns out that the class of 1954 has done exceedingly well since they left Fort Defiance fifteen years ago.

Advertisements

The business part of the Recall would fall far short without the many loyal advertisers which support and always back up the yearbook.

To the advertisers whom we owe more than thanks; in fact, without their cooperation more than half of our total revenue would be missing. Consequently, the editors sincerely trust that each individual will give the following pages careful consideration. We hope that each cadet, each patron and all A. M. A. Supporters will patronize extensively the advertisers who so willingly made the publishing of this book possible.

—The Business Manager.

Since its founding in 1742, Augusta has become widely distinguished as "The Friendly School." In the years to come, you will realize the tremendous value of the training you have received, and the associations you have formed at Augusta. As you move up your personal ladder of success, you may want to help new generations of Americans to enjoy these many advantages. Your help will be appreciated by the Academy — and will afford you the best kind of personal satisfaction.

Doc Bramwell

Sometimes it is the nature of a craft to create an unbreakable tie between itself and the worker in that field, a heart attachment equal to lifetime devotion. One familiar example is PRINTING. Once editor, once compositor, or pressman catches the spirit of the shop, the spell is seldom broken. Like the odor of a camp fire, or a whiff of salt air, the beloved tang of printer's ink, symbolical of a great profession, gets into your heart and soul. School Annuals, Magazines, Newspapers and Special Printing, all smack of it. It is an invisible link that binds all intelligence together. It is the stimulus for creation in business or romance. This craftsmanship, this devotion to service and alertness to business needs, has nourished and developed an enormous industrial vitality, and whichever way the course of the future runs, the printer will always find himself able to adapt his helpfulness to new opportunity.

Years of experience have taught us! Printing Pays Us Only When It Pays You!

'Til We Meet Again

'Tis hard to lose school chums forever,
And friends that are dearer than life;
Like a big family disbanding
As they enter life's long hard strife.
We shall think of school teachers and boys;
Of each with a smile and a tear
And hope for a happy reunion
Some time in the future that's near.

We'll miss the old school in the country,
And friends who were always true blue,
We'll think our our good times together,
And also the burdens we drew.
We'll be glad when September comes
With football and the autumn winds;
But we'll miss the graduates a lot—
The boys whom we've left behind.
